

To Whom it may concern,

The Wismo Club on Lac Courte Oreilles is seeking to hire a full-time caretaker as our current caretaker is retiring after 22 years.

Wismo is a private club owned by 12 families from the Kansas City/St. Joseph, Missouri area and has been operating continuously since 1907. Our caretaker lives on the property year-round and is responsible for the care, custody and maintenance of club owned property as well as houses owned by individual members. The caretaker should have a strong work ethic, be familiar with basic housing repairs, basic small engine repairs and have his own hand tools as may be required. The club provides tools and equipment other than hand tools for the job.

We operate a community dining room for the benefit of our members. The dining room opens the last week of June and stays open through the middle of August. Typically, we hire a cook, assistant cook, wait staff and a dishwasher to operate the kitchen and dining room. The caretaker has general oversight in the hiring and operation of the dining room and kitchen.

We have a house on the property that the caretaker will be expected to live in along with his/her spouse if any. The caretaker will be expected to be on premises daily in the discharge of responsibilities, subject to pre-approved vacation etc. There is flexibility with regards to the caretaker having a second job during the winter months when Wismo is not fully operational but that would be subordinate to the responsibilities associated with the caretaker position.

Compensation of the caretaker includes a base salary, housing, cable TV and internet, cell phone, use of club owned truck for job related travel, and meals during the season when the dining room is open.

Our current caretaker will be with us through March 2023 so this position is open and available to start on April 1, 2023. The current caretaker will be available for a period of time to train his replacement and act as a resource while getting started.

This is a full-time job opening and experience in operation of a resort or camp would be helpful. If interested, please submit your resume and salary requirements to David J. Zimmer at DZimmer@NZimmer.com.
